This Is How

All hands are in the air

All hands are in the air as we start a new year. Arsenal Tech has gone through several changes this year, including new students from Howe and Washington High Schools. These students are a welcomed addition to the Tech family.

We Do It!

All smiles for a brand new year

With the addition of new students, faculty, and administrators, we'll stay all smiles. Enjoy the year that promises to be full of surprises. Let's get started, and remember, "This is how we do it!"

Golf

Girls golf finishes another record breaking season!

The Tech Girls Golf Team finished a great season with a 10-4 record. Leading the team were tri-captains, seniors: Heather Harris, Megan Rasnick, and Debbie Young. School records that fell to the girls golf team were: Lowest team score (9 holes) - 195, Debbie Young: lowest average - 49.1, lowest score (9 holes) - 44, lowest score (18 holes) - 92, 8th in sectionals, first qualifier from Tech to go on to regionals, Jocelyn Rasnick — lowest putting average - 1.95. Placing 1st as a team in IPSAC and 3rd in city, were team anchors: Debbie Young, Megan Rasnick, Jocelyn Rasnick, Heather Schuth, and Beth Christenberry. Leading the team was Megan Rasnick who placed 2nd individually in city and overcame all to be IPSAC champion with a score of 45.

Tech Cross Country

This years girls cross country team was very good. The girls finished the season with a 6-1 overall record. The team captain, Reggan Stewart was the 1995 season champion. Top runners last season were Bola Akinlembola, Latasha Lee, Angela Dancy, Tiffany Johnson, Jamie Boyd, Camille Stewart, and Damicca Johnson. Also, running and contributing immensely to the overall team are: Amanda Young, Latasha Timberlake, Sunny Smith, and Ann Burford.

GIRL'S VOLLEYBALL

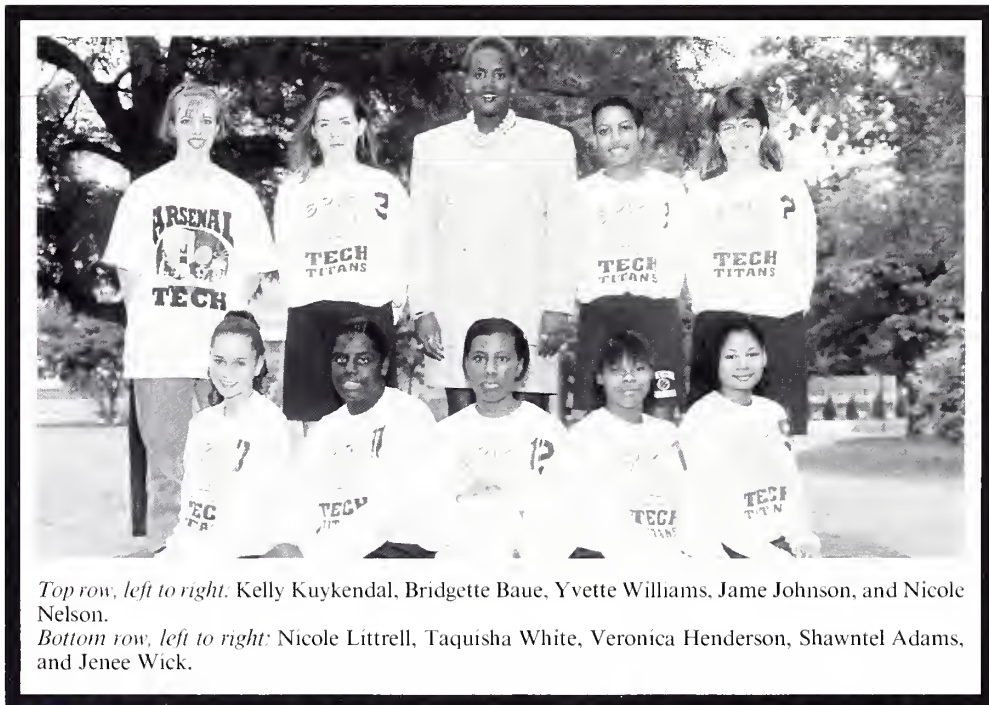

Tech Varsity Volleyball had a very disappointing season with a record of 4-19. However, their game improved tremendously by the end of the season. In the first game of sectionals the lady titans played perfect to overcome the Manual Redskins. They then went on to lose in the next round to Cathedral.

At this year's Fall Athletic Banquet Carla Leveringston was named MVP. Nicole Littrell received the award for Best Mental Attitude, and Felicia Bell was named Most Improved.

It was a building year for the Tech Girl's Swim Team. After losing five star seniors, this year's Tech Team still went on to win the IPSAC Championship.

This year's most valuable player was Junior Megan Ross. The Best Mental Attitude award went to Maggie Daum, and Mary Aldrich was the Most Improved. The team was coached by Janet Meyer. The team looks forward to next year as returning swimmers will strengthen the team and new swimmers will bring budding talent.

Titan Football

The Tech's Titan Football team struggled through a disappointing season ending with a record of 2-7. The first victory came against the Manual Redskins (33-7). The second win was a Homecoming victory over Ritter (33-14). The first loss of the season came against South Bend Riley (7-20). Followed by Broad Ripple (14-25), Arlington (21-27), and Roncalli (0-31). The Franklin Central game, (25-14), was a surprising win for the Titans. The Titans were then defeated by Northwest by a final score of 21-25 after a strong comeback from the Titan team. The first round of the sectional play was a disappointing loss to Manual (23-14).

Tech was led by Quarterback Frank Courtney, wide receiver Joe Smith, Titus Alexis, Bertrand Howard, and place kicker Kevin Starr.

Boy's Basketball

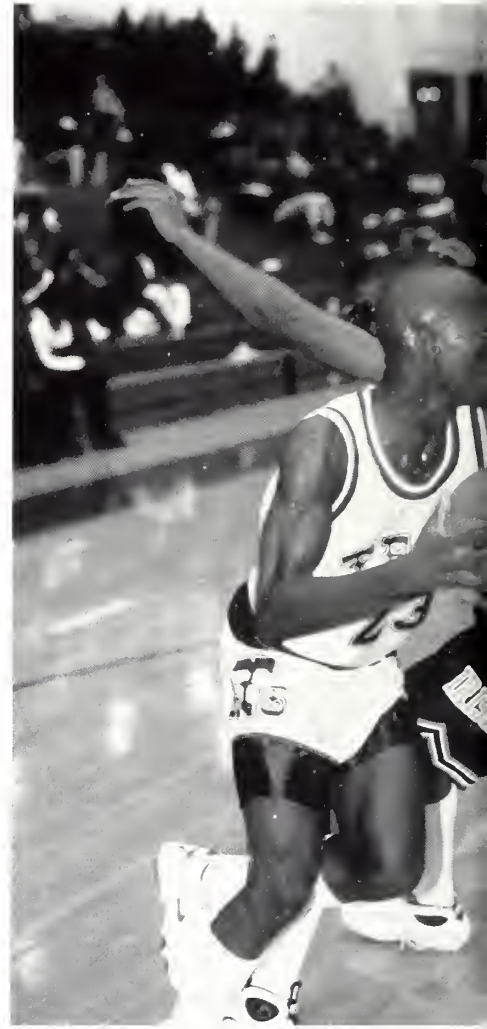

This year has been a slow season for the boy's basketball team, having only played four games at home, their record is not a true indication of their talent. They have had an extremely tough schedule, playing ranked teams such as North Central and Cathedral.

Part of the reason for Tech's poor season is the lack of senior leadership. The leadership role has been placed on leading scorer, Antwuan Freeman, a junior. Antwuan averaged 20 points a game despite missing three games due to an ankle injury.

Another bright spot this season was the play of another junior, Mike Blankenship. Mike was the second leading scorer this season averaging 13 points per game.

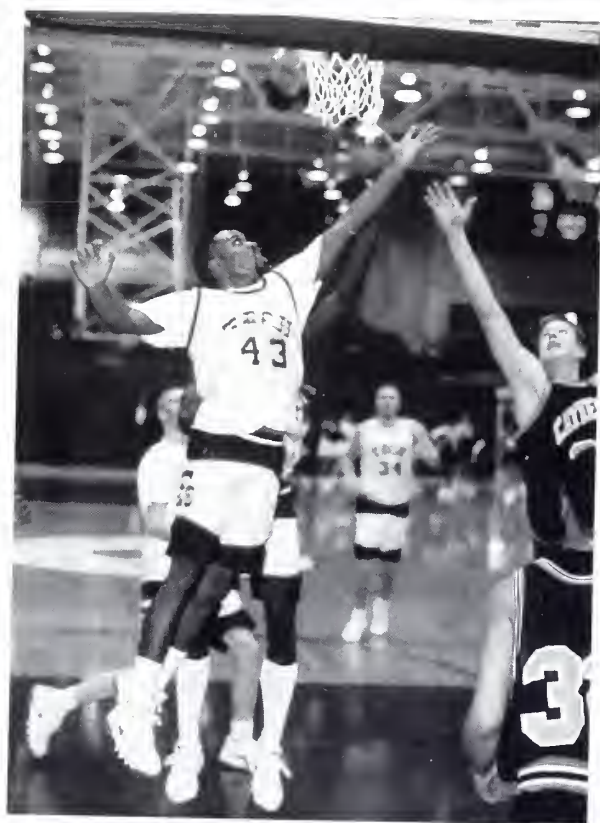

In the city tournament Tech didn't fare well, losing to Ritter in a heartbreaking buzzer beater. Then losing again to the eventual city champs, Cathedral, in overtime.

Tech will fair very well next year with several of their standout players returning.

Girls Basketball

Once again our Lady Titans had a successful year. The tough games in the early season served to bring the team together and make them stronger. The Lady Titans had many key victories this year. In a rematch of last year's city final, Tech regained the IPSAC crown by defeating the Manual Redskins for Tech's second IPSAC title in three years. Junior Reggen Stewart said, "This year's title was more enjoyable because Manual beat us last year." Stewart was one of the three Tech basketball players to be named to the Coaches All-City Team. Senior center Sharanda Carr and Freshman forward Latrice McMichel also made the team.

The third Sectional crown in three years fell again to the Lady Titans. Tech defeated Secina with relative ease in the finals. In Regionals Tech was upended by the Zionsville Eagles 47-61. That game ended an exciting and positive year for our Lady Titans.

It was a very good year as Coach Fyffe saw his team develop into state contenders. Losing only two seniors, Sharanda Carr and Damiecca Johnson, Coach Fyffe has little to worry about for next year. Returning starters will include: Reggen Stewart 13.6 ppg, Latrice McMichel 13.8 ppg, and Shatoya Jordan 9.8 ppg.

The Commitment to Excellence Continues

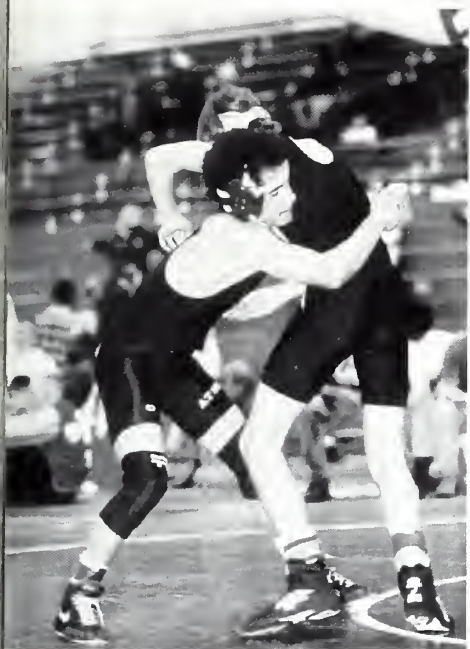

For the first time in many years, several members of the Tech wrestling team advanced to Regional competition at Pike High School.

Qaadir Siddeeq, Daniel Burns, John Cornelius, James Brown, Dennis DeBurger, Ricky McCray, Carl Moore, and Coron Gaines are the Tech wrestlers who advanced.

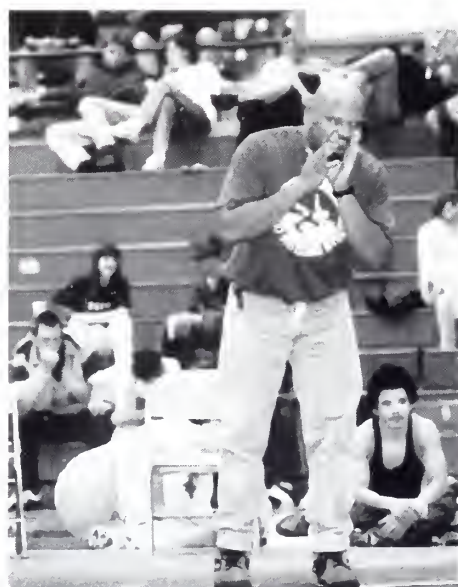

This was a huge step for the wrestling program.

Training and the commitment to excellence is always a Tech tradition. With so many wrestlers advancing, practice was crucial. Practice time was heightened to more than three hours a day.

Tech Savings and Loan

This year Tech added one more class to the long list of classes and programs that are offered almost nowhere else in the world. This class is the Finance and Credit class. The Finance and Credit class is a part of National City Bank's STRIDE program. The Finance and Credit class runs Tech Savings and Loan (TSL); the bank that you may have heard of, opened an account with, or gotten a loan from during second and third lunch periods. As a part of the STRIDE program the class was given \$1000 to use for marketing expenses, earn interest, and use to give loans to students. So far TSL has opened over 50 accounts, and given numerous loans.

Again sets the standard

Tech Model United Nations Top Ten

On February 1, 1996, the Arsenal Tech Model United Nations team competed in the Chicago Model United Nations Conference. The conference was hosted by the University of Chicago, this annual event gathers over 1,800 students from across the country. The conference also host delegates from South America, Europe and Asia.

Several Tech students recieved special recognition for their acomplishments during the conference. Casey Eads along with Emisha Jones won the award for Best Written and Researched Paper. Brendon Flood, Lawrence Cameron, Roxanna Lawson, and Charlene Ferguson won the Best Delegate Awards. Of the 110 schools repestred, Arsenal Tech finished in the Top Ten.

Preparations are presently underway for the 1997 competition.

Telecommunications Magnet

The Telecommunications curriculum is a comprehensive four-year sequence of courses designed to prepare students for a career or further study television production. Course of study includes studio and field audio and video production, videotape editing, lighting, producing/directing, broadcast performance, and apprenticeship in the field.

Students of the Telecommunications Magnet have been responsible for the videotaping of teacher meetings, the production of several programs which have been broadcast throughout the school such as Simple Talk, V-Day Special, and Titan Focus, which is broadcast on a local cable channel.

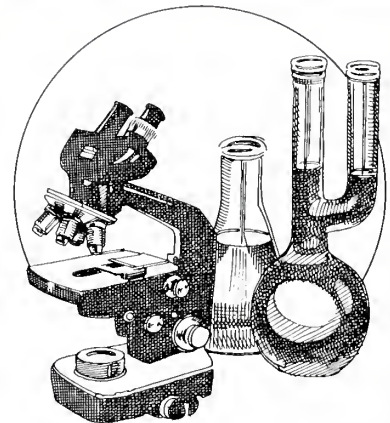

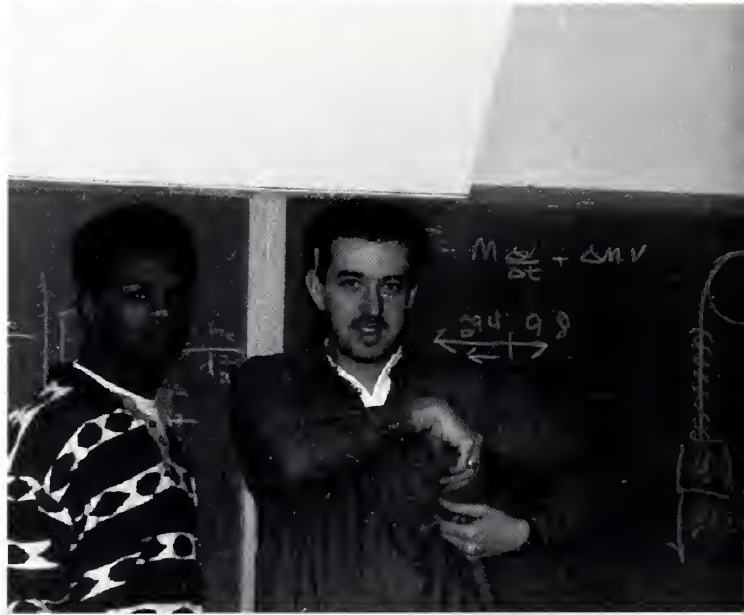

Above Left: Some of the things students like Dusten Light and Rachel Heiselman learn are running the audio board and how to prepare graphics on the Amiga.

Before I let you go... Tech Prom '95

Above: Brian McKenzie and Audra Chambers express the theme of the prom.

Center: Sakina Thomas dances the night away.

Right: Two young prom goers express the mode of the evening.

"Before I Let You Go" was the theme of Arsenal Technical's 1995 Senior Prom held at the Embassy Suites Hotel in downtown Indianapolis. Prom royalty were DeJuan Alfonzo- King, Dynesha Mason- Queen, and Tamara Hollis- Princess. The evening began at 8:00 PM with Mrs. McCloud and Mrs. Kimmer greeting attendees. The event died down around 12:00 AM as many went out to eat, took a stroll along the canal, or fulfilled other plans.

Hear Ye...

Hear Ye...

Top: Bow down to Princess Tamara Hollis, King Dejuan Alfonzo, and Queen Dynesha Mason.

Left: 'The king isn't supposed to cry at his inauguration' says Princess Tamara Hollis to Dejuan Alfonzo

Right: Denitra Gibson and Chayzee Smith feel the groove.

*“This Is
How We
Did It”*

Believe it, Tech students did complete another year. With the combining of Howe and Washington High Schools, we as a family, made it happen. Some students became members of clubs and teams, others found time to help exchange students and make new friends. But even with hectic days in the classroom, many students still had time for ball practice, academic teams, after school tutoring, and yearbook meetings.

Between Tenth and Michigan Street

You come on to the campus, not knowing what to expect, hoping that some good would come from your time at Tech. Walking from the Music Hall, to the third floor of the Main, constantly being yelled at for being late again.

Standing in front of the building, till someone lets you in. Sitting at football games hoping for a win.

Having to take a test, that you didn't know you had, wishing for a good day, that always turns out bad.

Having teachers call on you, when school's the last thing on your mind. Trying to catch up on homework, when your more than six weeks behind.

Waiting till the last minute to get a project done. Laughing at your teachers' jokes, as they try to make school fun.

When you get your diploma, that it took so long to earn, you'll get a certain feeling, that makes you want to return.

No matter where you go, or who the people are you meet, you'll never forget the times you had, between Tenth and Michigan Street.
